BBW and bear shifter, Morgan, is being chased by the Shifter Enforcement Agency with a death sentence on her head. Things are complicated for her right now and they're about to get even more so when two random bear shifters that she runs into both unexpectedly bond with her. She tries to ditch them but her bear has other plans. One of the sexy shifters has caught her bear's eye. Sander, the Hudson Crews chef, is stuck on an important and deadly mission with a shifter that he can't stand. Their strained relationship goes off the rails when they both bond to the same woman, a mysterious redhead who is sexy as sin and can fight like Bruce Lee on steroids. Will they still be able to work together long enough to complete the mission that their Crews sent them on? All three shifters will have to choose between their duty and their heart. But when one of them chooses poorly it will put the entire Hudson Crew in mortal danger. Will they be able to survive the ruthless SEA? Adult only BBW Bear Shifter Romance.
