

Starlight Wedding

Amanda Jones has the perfect wedding planned. She has the perfect church, the perfect dress, and a reception at The Plaza. Now she's only missing one thing: a groom.

All her life Amanda has dreamed of the perfect wedding. She got her first bridal magazine subscription when she was six, found the perfect dress when she was sixteen; she even picked the church and date years in advance to coincide with the arrival of the Starlight Comet just like her mother and grandmother. But when Amanda suddenly dumped months before her wedding she discovers life doesn't always work out as planned. Faced with the choice of giving up her dreams or finding a man in time, Amanda chases after William, a seemingly perfect doctor, while ignoring the advances of the frustrating, underemployed artist she's secretly attracted to. But is he the one she's supposed to be with? With the help of her best friend Margot, Amanda dares to find out as she races against time to save her Starlight Wedding.
