

Stormy Petrel

The isolated cottage on the remote Hebridean island of Moila seemed like an ideal away-from-it-all retreat for writer Rose Fenemore, a place where she could work in peace, and where her brother Crispin could walk, fish and photograph the birds and wildlife. But it is not easy to escape the world and its troubles. Crispin's arrival is delayed, and Rose, on her own in the lonely cottage, has to cope with two very different men who come in from the sea on a night of summer storm.
