

To Tame an Alpha (Paranormal Werewolf Shifter Romance)

Maxine James hightails it out of Oregon to Barcelona in an attempt to get away from one of her creepier clients at the strip club. Upon arrival, she meets a sexy local named Vincent, who seems more than what meets the eye. Vincent Gutierrez has a secret. He's the Alpha wolf of the local pack and a firm believer in the violent traditions of Lycans. More importantly, he thinks that he's found his Mate in Maxine. When Maxine's stalker client comes across the ocean and attempts to take her back to the states, she'll find that he won't be the only thing she needs to worry about. Vincent is set in his wolfish ways and determines that there can only be one punishment fitting for someone who might harm his Mate. Will she be able to tame the Alpha? Or will the werewolf world and the violence that comes with it overwhelm her?
