

**BUSINESS OR PLEASURE?** Crickitt Day needs a job ... any job. After her husband walks out on her, she's determined to re-build her life and establish a new career. When swoon-worthy billionaire Shane August hires her as his assistant, she jumps at the chance to prove herself. Despite her growing attraction to her boss, she vows to keep things strictly professional. No flirting. No kissing. Definitely no falling in love... Shane August is all business, all the time. He's a self-made man who's poured his heart and soul into his company, and he'd never allow himself to get involved with an employee. Then he hires sweet, sexy Crickitt—and he can't keep his mind or his hands off her. But no matter how much he wants Crickitt, Shane fears that painful secrets from his past will always come between them. With fate working against them, can these two lonely hearts learn that sometimes mixing business with pleasure is the perfect merger?
