

The Art of Falling Down

Master your mistakes! Use Healthy Failure to help you manage difficult times! Develop happier, healthier relationships! Understand the importance of emotional falling! Accept new challenges and not shy away from responsibility! Success is a habit. We all know this but what do successful people do to develop this inclination? High achievers learn from their mistakes and thus avert the pitfalls that plague most of us as we attempt to move forward in the world. The Art of Falling Down illuminates a process that all successful people automatically employ. They garner vital information necessary for goal attainment from negative life experiences. In order to succeed they pay attention to their failures and use them to grow.
