

## The Delaney Woman

THE DELANEY WOMAN is a rich and romantic Irish murder mystery. When Kellie Delaney's twin brother dies under suspicious circumstances in Wales, her grief turns to shock and then rage when she learns Connor was murdered while working undercover for British Special Forces. Kellie travels to a sleepy Irish town to track down the man she believes is responsible for Connor's death and finds instead the antithesis of a killer. The more Kellie learns the more certain she becomes that Tom Whelan is not responsible, but that someone else is tracking her every movement, someone who wants her silenced.
