

The Devil Behind Me (Devil Trilogy Book 1)

*****This book is the first in the series and includes a cliffhanger ending*****

My name is Addie Sakis, I had a promising future once. I had my whole life planned out, but after that tragic day, everything changed. The world I coveted no longer existed. Ten years went by until one day when Daimon Evans, the boy who bullied me continuously in high school, reemerged back into my life, offering me all that I wanted in exchange for one thing....me. Addie Sakis had a sad past, a past that overshadowed her future. She clung to it not knowing how to let it go. That was until Daimon Evans came back into her life challenging her and pushing her back to the fighter he knew still existed inside her. If only she knew that Daimon wasn't the devil she thought, but rather it was her demons that ruled her, the demons that lay inside her soul. How far will Addie go to help her family? Which line won't she cross as she deals with the devil she calls Daimon? Note from the Author: This is a dysfunctional love and hate trilogy that involves emotional blackmail and a few other situations that the one wouldn't do to the person they liked or loved. Addie and Daimon do what they do under the guise of a love that hurts so good. Happy Reading. Part of the proceeds of this book will go to <http://www.ccfa.org> <http://www.crohnsandcolitis.ca>
