

Vampire alpha warriors seek human women of Druid descent as mates... will they claim the rare bloods before extinction threatens their species? Beau finds himself absorbed into a blended coven of Druid and Reaper, his former life gone forever. Or so he believes. When snippets of Beaus past begin to encroach, he realizes the web of destiny has caught him like a plump spider and it threatens his newfound connection with Aubree. Kier has stolen the Queen of the Vampire and has plans of degradation for her future. As a rare Druid himself with a high standing within the faction, he will use Holly to further his coven. Until Kier discovers what his Druid lineage has in store for him. The intrinsic power of one small female begins to systematically break down the house of cards hes made for himself. Will Beau be a slave of his memories or rise above them to claim what is rightfully his? Who will emerge as Hollys unlikely savior? Can the fruit of the Druids womb save vampire from certain extinction? EXCERPT: Being a hybrid had its benefits. Like eating human foods and drinking their blood. It mattered not, Kier could do either. He did. He transferred the woman hed carried on his shoulder to the cradle of his arms and was struck by how small she was. Under thrall she appeared in the deepest sleep, her black hair was like watered ink as it fell all around her.... Novella length.
