

## The Parasol Protectorate Boxed Set: Soulless, Changeless, Blameless, Heartless and Timeless

Alexia Tarabotti is laboring under a great many social tribulations. First, she has no soul. Second, she's a spinster whose father is both Italian and dead. Third, she was rudely attacked by a vampire, breaking all standards of social etiquette. Where to go from there? From bad to worse apparently, for Alexia accidentally kills the vampire -- and then the appalling Lord Maccon (loud, messy, gorgeous, and werewolf) is sent by Queen Victoria to investigate. With unexpected vampires appearing and expected vampires disappearing, everyone seems to believe Alexia responsible. Can she figure out what is actually happening to London's high society? Will her soulless ability to negate supernatural powers prove useful or just plain embarrassing? Finally, who is the real enemy, and do they have treacle tart? The Parasol Protectorate is a comedy of manners set in Victorian London: full of werewolves, vampires, dirigibles, and tea-drinking. This boxed set includes the whole series: Soulless, Changeless, Blameless, Heartless, and Timeless.
