

The Royals of Monterra: Lady Claire (Kindle Worlds Novella)

Humiliated and heartbroken after trying and failing to break up Prince Nico and Kat, Lady Claire Sutherland doesn't think things can get any worse for her. Until her parents practically exile her to Monterra so she can finish her college degree. In desperate need of a distraction from her troubles, Claire turns to Alessandro, a devastatingly handsome man she meets while he's tending the Monterranean royal family's gardens. But Alessandro turns out to be more than just a pretty face, and before long Claire can't ignore the feelings she has for him, or the fact that she has a decision to make. Will Lady Claire turn her back on the privileged life waiting for her back in England, or will she give it up to stay with the Monterranean farmer she can't get off her mind?
