

## The Vampire Diaries: Divine Enemy (Book Two) (Kindle Worlds Novella)

This title is Book 2: Elena Gilbert is no longer a vampire and is now trying to learn to live with the grief over her brother, Jeremys passing. There is also the sobering knowledge that in her previous incarnation she caused so much suffering and death. On top of all that emotional baggage Elena experiences another frustration: A strange, alluring woman arrives in Mystic Falls; the kind of sorceress who can enslave men with a single knowing glance. Is she simply a seductress or someone -- or something -- more threatening? Yet another evil threatens Elenas hometown. A mysterious psychopath is stalking Caroline. Suddenly powerless, a mere human being, Elena reaches out to the dark side, imploring Stefan Salvatore for guidance and help. But hes with Rebekah now. And Elena begins to understand that shes probably lost him forever. Complicating matters, Tyler and Klaus are prepared to fight over Carolines safety. Perhaps even fight to the death. With Mystic Falls suddenly a cauldron of furious, exploding passions, Elena must somehow summon the human strength and cunning to protect friends and banish newfound enemies. An urgent, at times breathlessly suspenseful mystery, Divine Enemy is an exciting story inspired by the bestselling Vampire Diaries series. Start the series with Book 1 (What the Heart Wants).
