

Time to Get Tough: Make America Great Again!

A New York Times bestseller! 2016 Republican presidential candidate Donald J. Trump has a plan to make America great again. President Obama has been a disaster for this country. He's wrecked our economy, opened our borders to violent criminals, saddled our children with debt, and gone around the world apologizing for America as if the greatest nation in the world needed to apologize for being the land of opportunity and freedom that we were before Obama became president. Now, America looks like a broken country, stripped of jobs, stripped of wealth, stripped of respect. And what does President Obama do about it? He plays nice with the very same foreign governments who are eager to watch America burn. This can't go on. And if Donald J. Trump has anything to say about it, it won't. In his New York Times bestselling book, *Time to Get Tough*, Trump has the answers America has been looking for, including: How to finally secure our border and fix our immigration overflow; How to create American jobs by forcing Communist China into truly fair trade; How to retire our debt without endangering long-established programs like Social Security, Medicare, and Medicaid that millions of Americans depend on; How to undo the fraud of Obamanomics and the disaster of Obamacare. Blunt, smart, and thoroughly captivating, *Time to Get Tough* is trademark Trump, setting out a common sense agenda to restore American prosperity and make our nation the world's leader once again.
