

My Forbidden Military Man: The Complete Army Brat Series (A Taboo Romance)

Patton is a brave Army soldier who would give his life to protect the nation he loves. But he also made a solemn promise to look after young Evie. Now Evie is all grown up, and she's reluctant to admit her forbidden desire for the man who raised her. Halfway through his deployment, Patton is coming home from Iraq for reasons that Evie doesn't entirely understand. Evie and Patton have two weeks to explore their feelings for one another. Then Patton must return to fight in the Middle East. He has accepted his deadliest mission yet, and Evie has no way to know whether she will ever see him again. With stakes this high, there's nothing left to lose. It's true what they say ... all's fair in love and war. This hot and steamy romance between a war hero and his little woman results in an accidental pregnancy as Patton balances his love for Evie with his commitment to serve his country.
