Love. Pack Mates by Crissy Smith. Book six in the Were Chronicles Series. If you loved Influential Magic (Crescent City Fae) by Deanna Chase and Skin Walkers: Leto by Susan Bliler then you will not be able to put down this absolute treat! A pack divided brought together by love. Nikki Stratton returns to her Pack to find it split in half between the new Alpha and the older members of the Pack. Worse, there is talk about her oldest brother challenging for the Alpha position. Taking matters in her own hands, she meets with the Alpha's brother RJ. She had no idea they would end up on the floor of his shop, naked, and sweaty. RJ Cross supports his brother one hundred per cent, so when Nikki contacts him to find a solution to the Pack problems, he is relieved. He might even be able to come up with some decent ideas if he could keep his hands off Nikki. As final preparations begin for the taking of the shifter world, Nikki and RJ must use everything at their disposal to bring their Pack together and hopefully get their happily ever after.
