

Do you love alpha warriors haunted by dark pasts? Do vampires, shifters and fae make your night? Meet vampire Border Patrol Officer Eric Fergus, a hunky alpha wolf in desperate need of a worthy woman. Against his alpha wolf principles, Eric Fergus seduces a beautiful fae woman in the dreamglide and soon discovers she's the only woman who can save his life... Fergus has been without an alpha-mate for three years, from the time his wife was murdered. He's failed repeatedly to bond with the female wolves of the Gordion Pack. When he rescues a fae woman from a sex club, his need to bond with her goes into overdrive. But how can an alpha bond with a fae? Can his pack ever accept her as his bonded mate? Mary has lived a solitary fae life in Revel Territory. As a veterinarian, she's established a thriving small animal practice. Having survived a recent abduction, she's leery of entanglements of any kind. But when Fergus contacts her through a dreamglide, asking her to save his life, she hurries to the Graveyard and rescues him from certain death. But when she discovers that for the past month he's been her lover in the dream-world, she's appalled. Mary doesn't like wolves or anything to do with Savage Territory. She wants him out of her life, but soon realizes if she doesn't serve as his bodyguard the whole territory will go to war and hundreds of innocent wolves will die. But how can she align herself with the wolves of Five Bridges? **AMBER FLAME** is a standalone story with no cliffhangers. It's a passionate, sensual, paranormal romance, featuring a wolf and a fae set in the urban world of Five Bridges.
